*Please help me to help PINNT ...*

**Who is PINNT?** PINNT help people that are unable to nourish their bodies from normal food and drink – they have to rely on liquid nutrients that are pumped or dripped into their bodies through a tube which is literally, their lifeline. And they're not in hospital, they're coping at home. With your help I can help PINNT achieve their goals and give their members support, information, arrange meetings and provide a point of contact while they live and adapt to their complex medical therapy and try to live a 'normal' life.
